

# Building Patterns

---

## Object of the Game

Use items you can find around your house, garage, or yard to build patterns.

## Materials

- Objects you can find around your house.
- Pencil, crayons, paper
- Camera Phone (optional)
- Building Patterns Recording Sheet

## Math Concepts

Patterns

## How to Play

1. Find objects around your house that you can make into a pattern.
2. Build it and then draw it or take a picture!
3. Describe your pattern to someone.

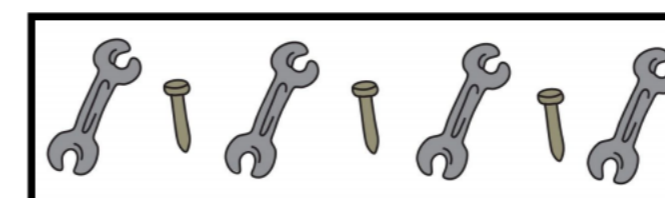

## Extension:

Go for a pattern walk. Where can you see patterns around you?

Watch this video to get some ideas: [Patterns Everywhere](#)

Patterns with rocks!

Patterns with tools!

What pattern can you make with your stuffed animals?
